

Speaker Boehner Releases List of 88 Economists Who Agree Obama Tax Plan Will Hurt Small Business & Further Damage Economy

House Speaker John Boehner (R-OH) released a list of 88 American economists who warn that the looming January 1 tax hike supported by President Obama and congressional Democratic leaders – which independent accounting firm Ernst & Young says will hit thousands of small businesses and cost the U.S. more than 700,000 jobs – will hurt the economy and must be stopped before it goes into effect.
