**“Historians will view [the  
Griffin-Young votes] as the  
beginning of the end for  
Obamacare.”**

## THE STRATEGY

A series of targeted strikes that will fracture the president's Obamacare coalition and topple this #trainwreck of a law.

SPEAKER JOHN BOEHNER

# THE STRATEGY

**Building on the Griffin-Young votes, the House will vote to:**

- Get the **IRS** out of Obamacare
- **Protect taxpayers**, require verification for subsidies
- **Stop IPAB**, the Obamacare health care rationing board
- Get rid of the implementation **slush funds**
- Continue to take **targeted, regular votes** throughout fall

**SPEAKER JOHN BOEHNER**

# MAXIMUM OVERSIGHT

To keep pressure on the administration and build the case for future votes on the strategy, we will:

- Continue **ongoing oversight activities** and take advantage of opportunities associated with Obamacare's pending implementation
- Develop and maximize a corresponding **communications effort** that supports both oversight and legislative activity

**SPEAKER JOHN BOEHNER**

President Obama has  
already signed seven of our  
“meaningless” Obamacare  
bills into law.
