* This column reflects estimates released by the White House on 11/4/21. The numbers are the same as those included in the 11/4 estimate, but are presented here by Title rather than thematic category for ease of comparison with CBO estimates.

*** Consistent with scoring conventions for program integrity measures – and as noted in the 11/4/21 White House budget estimate – tax enforcement savings are not reflected in CBO scores of this legislation. This estimate is from the [U.S. Department of the Treasury](#).
