

Women's Business Centers Master Contact List

SBA resource partners received \$265 million through the CARES Act for COVID-19 counseling and training

WBCs are a national network of more than 100 centers that offer one-on-one counseling, training, networking, workshops, technical assistance and mentoring to entrepreneurs on numerous business development topics. In addition to women, WBCs are mandated to serve the needs of underserved entrepreneurs, including low-income entrepreneurs. They often offer flexible hours to meet the needs of their diverse clientele. To find out more about WBCs, visit <https://www.awbc.org/>.
